

DIY FRIDAYS

PROJECT : Cork Placemat

#DIY120

TOOLS & MATERIALS: Heritage Mill Wall Tile(s), Gold Spray Paint, Cork Coasters, X-ACTO Knife, Paint Pen, Plate, Artificial Mini Pumpkins or any decor (optional)

Step 1

Gather your supplies and choose which Heritage Mill Wall Tiles you want to use. We used Kona Straw (WC1004) for the placemat and cut it to 12" X 18" and used Natural Straw (WC1003) for the coaster.

Step 4

In a well-ventilated area, take gold spray paint and cover the entire surface of however many artificial mini pumpkins you plan to use.

Step 2

To see how we made this cute fall-worthy cork coaster, see our last DIY, #119!

Tip: Plan ahead and do this first so you're prepared!

Step 5

Let the spray painted pumpkins fully dry before transferring to the placemat.

Step 3

Begin by using a black paint pen to write your guests' names on the cork coaster.

Step 6

Arrange your cork placemat on a flat surface. Top with a plate, the name coaster and any additional decorations!
